

## TUSD Rincon High School Compact

### TEACHERS

Teachers provide high-quality curriculum and instruction in a supportive nurturing and effective learning environment, which enables children to meet and exceed State academic achievement standards.

Teachers communicate frequently with families to share information about student progress. These communications include parent teacher conferences, quarterly grade reports and parental access page updated for parental review. Parents are granted reasonable access to staff.

Teachers encourage parents to volunteer in a variety of ways to demonstrate high expectations and to strengthen the school, family and community partnership.

### FAMILY

Families agree to communicate with the teachers of students to ensure on-going progress is being made.

Families commit to monitor homework and seek assistance from the school when needed to promote student success.

Families participate at least twice during the school year in any capacity to support student achievement.

### STUDENTS

Students communicate with the classroom teacher regularly and when in need of assistance.

Students complete homework and all assigned projects seeking clarification as needed in a timely manner.

Students are active in the learning process, demonstrating responsible behavior and contributing in positive ways to the classroom.
